

QuikScout Player Video Editing Software

QuikScout Player is an all-in-one video editing program. QuikScout makes it easy to organize video and access clips used in presentations.

- Use your terminology and customize QuikScout's keyboards for fast and easy data entry
- Program up to six Notation Fields to expand your video search capabilities
- Search and organize game video using QuikScout's powerful search engine

Also Included with each QuikScout Player Program is a Copy of QuikScout inMotion

- Improve Your Performance with Motion Analysis
- Synchronize video clips to compare and study your technique against the model
- Break down pitching or hitting and study critical stages in form and technique
- Analyze weightlifting technique to improve performance and reduce the risk of injury

CREATE YOUR TEAM WEBSITE

The QST Web Form automates the process of building your personal website. Along with a Home Category page, the QST Player Network offers four additional custom categories for uploading multimedia information to your QST Player Website. Within minutes you will be able to upload video clips with notes about a recent game plus highlights for your season. As soon as your information is uploaded it can be viewed by friends and family. You will also be able to create a recruiting portfolio and email website links to college recruiters.

ORGANIZE PLAYER PORTFOLIO AND TEAM HIGHLIGHT VIDEO

Whether you use QuikScout Player or another program to organize video, you can create individual folders to organize game and season highlight videos. You can even catalog video clips for your end of season Player Portfolio for college recruiters.

CREATE PERSONAL PORTFOLIOS FOR COLLEGE RECRUITERS AND VIDEO NEWSLETTERS FOR FAMILY AND FRIENDS

Using QuikScout Player's Design tools, you can create engaging web-based portfolios and newsletters using video clips, pictures, and notes summarizing each game, match or event

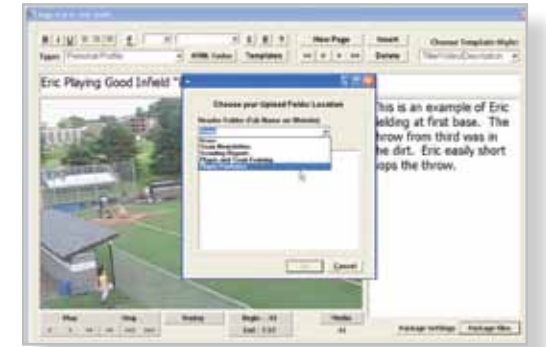

QUIKSCOUT PLAYER OFFERS ATHLETES SEVERAL PUBLISHING OPTIONS

Publish Training Reports, Athletic Portfolios, and Team Highlights to Your Personal Website

The QST Player Network includes easy to use publishing tools for uploading post-game news, team highlights and a personal portfolio information.

- Athletic Information
- Training Information

To Assist with Your Personal Portfolio Standard Recruiting Templates are Included with the Quik Scout Player Software

1. Personal Information Template
2. Family Information Template
3. Academic Information Template
